

Final Exams Schedule – Spring Semester 2027

The final exam period for fully online courses, Asynchronous (A1) is May 15-21, 2027, with all finals completed by May 21, 2027. Each instructor of an A1 course will be responsible for setting both a start and end time for their final examination between May 15-21, 2027. It will be the instructor's responsibility to ensure that the indicated start and end times do not conflict with their students' other courses.

The final exam period for Synchronous courses (Face-to-Face, S1, & S2) is May 15-21, 2027. All Synchronous courses must adhere to the dates and times listed on the schedule below. No final exams should be held outside of the course's assigned date and time.

The schedule for Synchronous courses is based on the first day of the week on which your course meets. If your course is a lecture/lab or lecture/activity combination, use the first day of the lecture meetings to determine your exam day and time. If your course overlaps two or more of the final exam time windows, use the window in which your course meets for most of the time. Final exams are scheduled assuming all classes are MWF, MW or T/Th arrangements because there are not enough final exam slots to accommodate all possible arrangements.

CSUB policy provides that no student shall be required to take more than two final examinations on the same day. If a student has more than two exams on the same day, the student should contact their course instructors and request a special arrangement. If no instructor agrees to reschedule, the exam in the lowest enrolled course shall be rescheduled for that student.
