Download & Install IBM SPSS

How To Guide

Guide Description and Purpose

This guide is designed to help users at California State University, Bakersfield (CSUB) successfully download, install, and license IBM SPSS Statistics software. Follow these step-by-step instructions to ensure a smooth installation and licensing process.

How To: Download/Install/License IBM SPSS (Revised 2024)

Prerequisites

Before starting the installation, ensure you have administrator privileges on your computer, a stable internet connection, sufficient disk space, and your CSUB NetID and password. Additionally, verify that your system meets the IBM SPSS Statistics compatibility requirements. If you lack administrator privileges, contact your IT administrator for assistance.

1. To being the process, visit: [Software Downloads | California State University, Bakersfield (csub.edu)](#)

2. **Locate** the IBM SPSS Software section and **click "Download for PC"** to begin the download for IBM SPSS for the Windows OS.

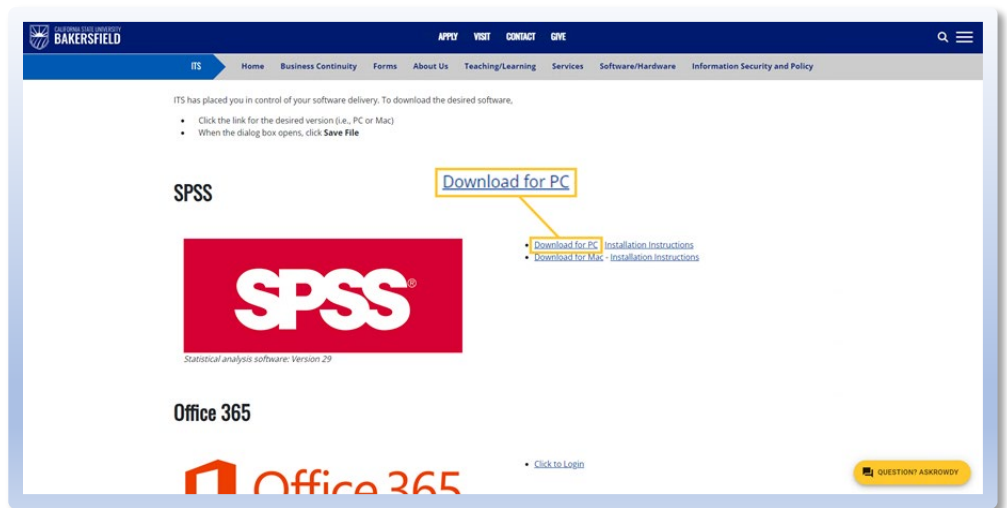

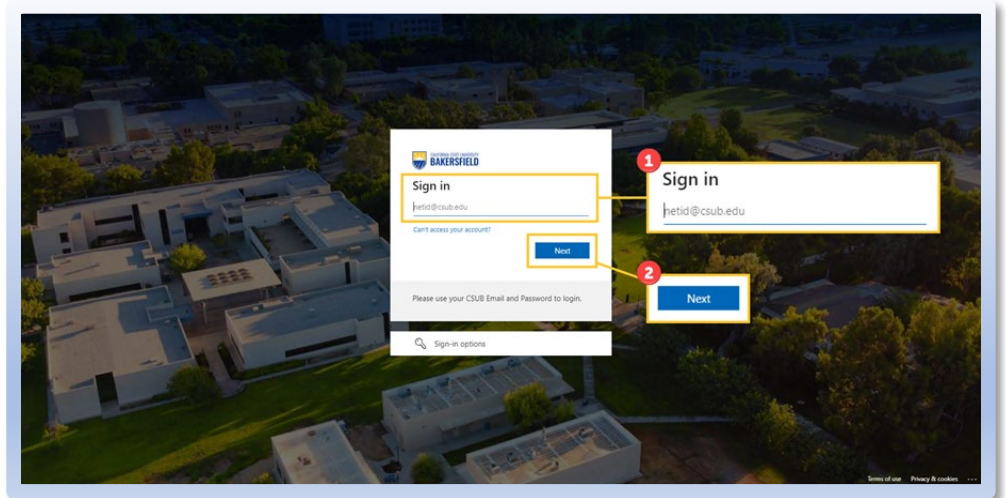

3. You will be redirected to our CSUB Box Downloads page. Please **select "Continue"** to proceed to the log in page.
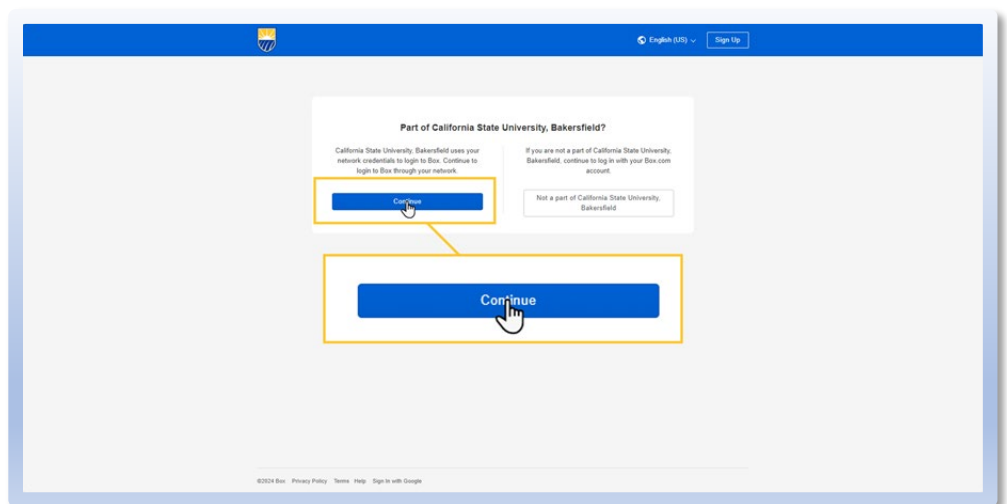

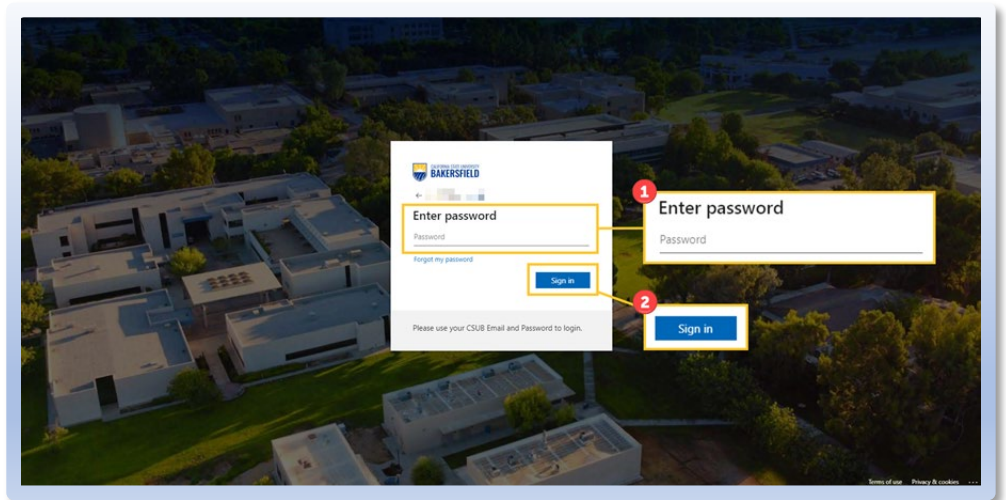

4. When prompted, please **Enter** with your CSUB **NetID. Select "Next"** to proceed.

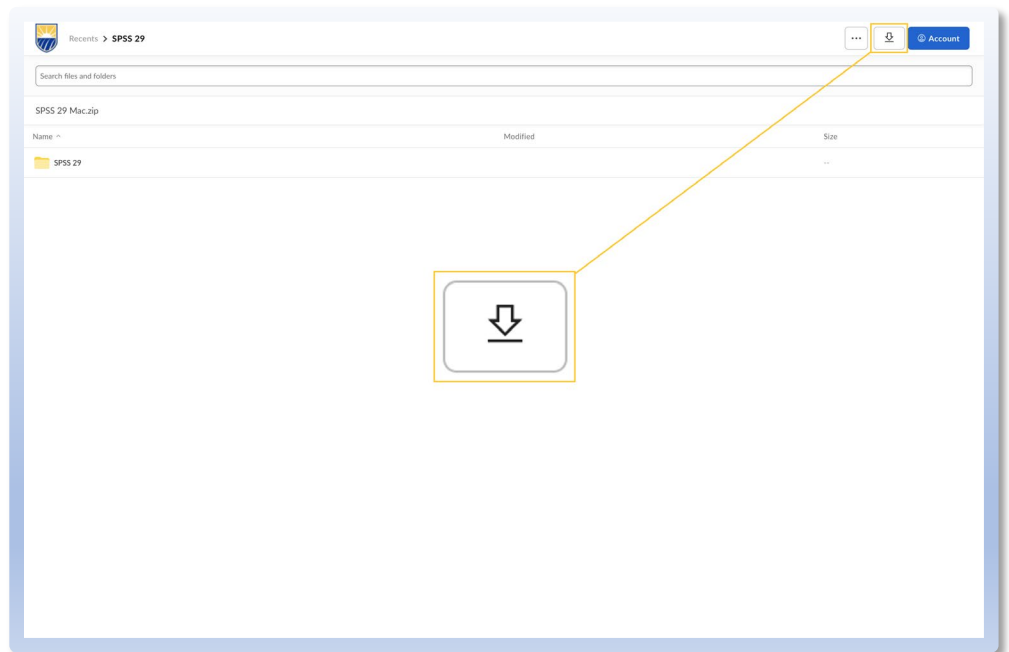

5. When prompted, please **Enter** with your **NetID Password. Select "Sign In"** to proceed.

6. Once logged in, you will be redirected to your staged download. Please **select** *this* icon to begin the download.

7. **Navigate** to your downloads folder, locate the recent download, and **double-click** on the SPSS.zip file to begin the installation.
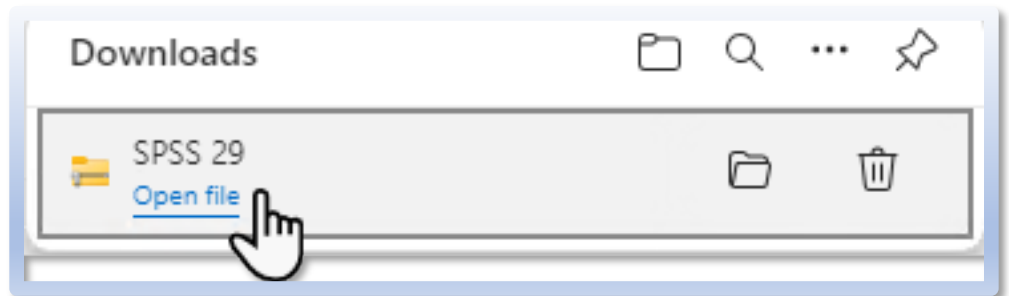

8. We will need to extract the SPSS installer next, from your downloads folder, please **right-click** the SPSS Download (compressed file) and from the context menu please **select "Extract all"**
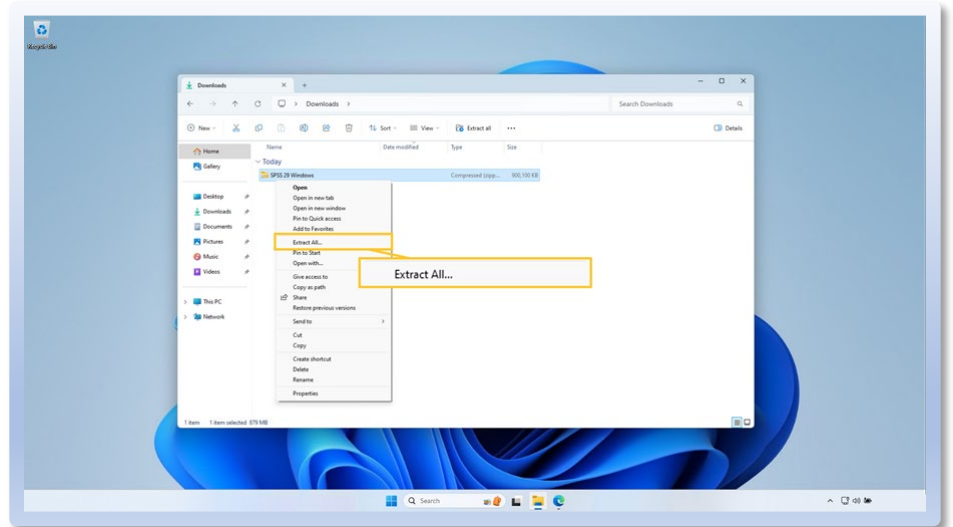

9. You will be shown an Extract Compressed (Zipped) Folders dialog, please verify the check mark for "show extracted files when complete" is applied, then **select "Extract"**
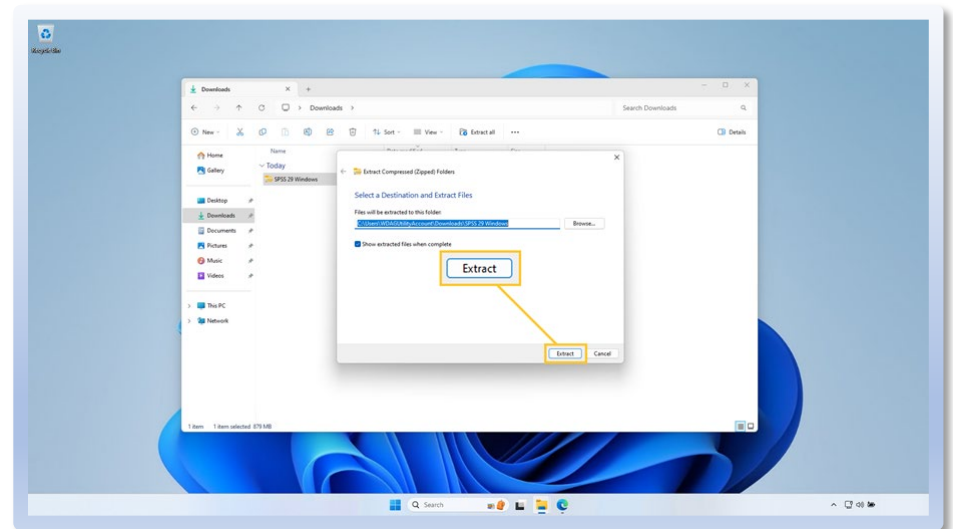

10. Once the extracted file is complete, it should be shown to you by default, if not, please navigate back to the Downloads folder (or whichever location you extracted the files to) to retrieve the extracted files.

   IMPORTANT: Please keep this file open as we will need other files from the folder later in the process.
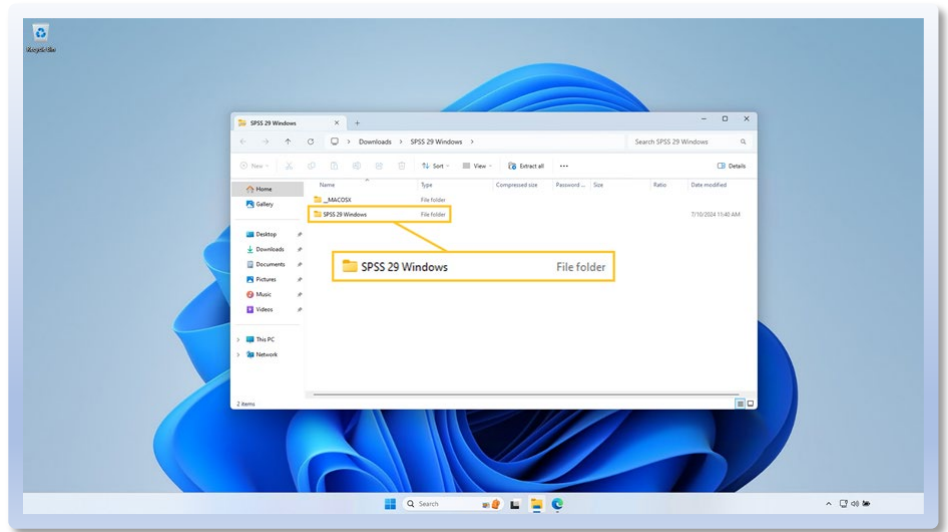

11. When you open the extracted SPSS folder you will see **this** .exe, please double-click this to begin the installation.

   IMPORTANT: Depending on your computer, this step may require Administrator Privileges. If you are halted at this step, please reach out to your Administrator to grant you access.
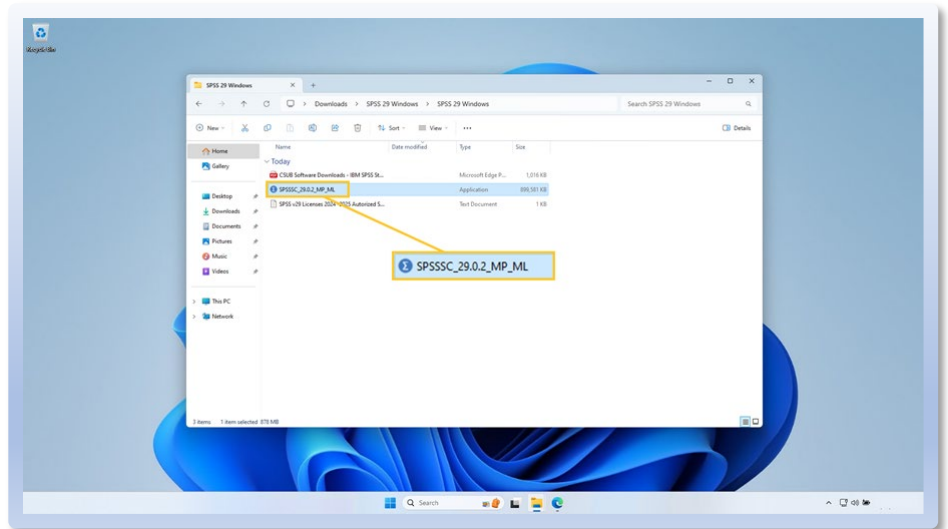

12. Now that the installation has been started, you should briefly see *this* dialog while the InstallSheild Wizard extracts the MSI file for installation.

IBM SPSS Statistics - InstallShield Wizard
