

NSME

# STRATEGIC PLAN

## MISSION STATEMENT

We offer exceptional science, technology, engineering, mathematics (STEM) and health science educational opportunities through transformative degree programs, cutting-edge research, personalized education and hands-on experiences provided by caring, dedicated faculty and staff. We are committed to serving the local community, being leaders in innovation, applying knowledge to real-world situations and providing a supportive learning environment where our students thrive and grow.

## VISION STATEMENT

To be the premier college in the Central Valley and provide a vibrant, inclusive and supportive student-centered community that promotes collaboration, inspires innovation and empowers future generations in STEM and health science.

**COLLEGE OF NATURAL SCIENCES,  
MATHEMATICS AND ENGINEERING**  
CSU BAKERSFIELD

## CORE VALUES

- Empowerment: Inspire student excellence, responsibility and growth
- Inclusion: Foster a diverse, equitable, welcoming and thriving community
- Innovation: Promote creativity, leadership, entrepreneurship and forward-thinking ideas
- Collaboration: Cultivate ethical teamwork with open and honest communication
- Impact: Make a positive difference and serve the community

## STRATEGIC PRIORITY AREAS

- Academic excellence: Supporting innovative academic programs and scholarly activities
- Student success: Preparing and empowering students for their futures
- Community impact: Strengthening engagement and building partnerships
- Inclusive environment: Fostering a welcoming and diverse community
