Hi Lori,

I'll discuss this with Senate Exec tomorrow morning. Given the tight turn-around, the best we could manage is asking for volunteers. There is insufficient time for a full call cycle if the plan is to meet next week.

Thanks,
Melissa

Subject: Fong and Fetterly Award committee

Hi Melissa,

I've been asked to put together a committee to review submissions for the Fong and Fetterly award to review the nominations from our campus. I am hoping that academic senate can recommend 2 committee members to help us review the submissions and recommend nominees to the president to move forward in each category to the CO. We would need to meet the first week of February to review submissions.

Can you assist me with this?

Thanks,
Lori

Academic Senate Task Force

School Formation Criteria

During Fall 2024, the California State University, Bakersfield (CSUB) Academic Senate Executive Committee requested that the Academic Affairs Committee (AAC), Budget and Planning Committee (BPC), Academic Support and Student Services Committee (AS&SS), and Faculty Affairs Committee (FAC) address the issue of school formation criteria. The standing committees elected representatives to an ad hoc task force to create new school formation policies and procedures, with representatives from the AAC, BPC, AS&SS, and FAC.

Since there are no existing policies on new school formation, the task force completed an extensive review of example policies from other California State University (CSU) campuses. The current document represents a consensus recommendation from the task force for a new policy document. We share this document with the standing committees and invite comments and suggestions, if any.

Composition of Criteria for Proposing New Schools Task Force:

Yangsuk Ko (Chair), Amber Stokes (FAC), Debbie Wilson (AS&SS), Heidi He (AAC), Rhonda Dugan (BPC), Deborah Cours (dean representative), and Laura Ann Bishop (staff).

CSU Bakersfield
Policies and Procedures for Establishing New Schools

I. Policy Purpose

- A. The process for creating new schools within the colleges should be uniform and transparent.
- B. A uniform system of school creation shall allow for fair and efficient mechanisms to be in place for interested parties to create schools.

II. Policy

A. Definitions and Operative Terms

- i. Principal academic sub-units are colleges at California State University, Bakersfield, whose chief primary academic/administrative officers are deans. Departments, schools, and programs are standard terms for units within colleges.
- ii. Departments and schools are each part of a college, reporting to a college dean. Schools may, but need not necessarily, include more than one department, division, or program, as well as centers and institutes.
- iii. Academic departments or schools serve as administrative units within the university's respective colleges and are organized around specific fields of academic inquiry and pedagogical outcomes.
- iv. Departments offer a major, minor, and/or credential, and may offer a certificate. Schools, and any subordinate departments located within the school, will offer majors, minors, and/or credentials, and may offer a certificate.
- v. Departments are led by department chairs, and schools by directors. In a school with multiple departments, department chairs will report to the school director. Both department chairs and school directors will be selected according to the University Handbook, and report to the dean of a college. The director of a school which has multiple departments from different colleges will report to the dean of the college in which the school is located.
- vi. Considerations that will normally apply in designation of one or more units as a school include professional accreditation, licensing, or certification requirements for graduates, size of the unit(s) and common practice in higher education of administratively referring to the discipline as a school.

B. Purpose of an Academic School

- i. The purpose of a school is to support the mission of the university by offering academic programs in the disciplines it houses, promoting academic inquiry and critical thinking within and across disciplines, and engaging in disciplinary and interdisciplinary research, scholarship, and creative activities.
- ii. To qualify as a school, the proposed entity must:
 - 1. Offer a set of academic programs, approved through the appropriate curricular review process (department, college, university, and CSU system levels), that lead to undergraduate or graduate degrees.
 - 2. Ensure to its faculty the rights and responsibilities of Academic Freedom, as defined by the American Association of University Professors, to engage in free inquiry and dissent in both scholarship and instruction. This includes the rights of the school and units within to initiate curricular proposals, to make autonomous decisions on instructional materials, pedagogy, delivery mode, and grading systems/practices. The faculty unit is free to offer its own views and interpretations that may dissent from the received views of either the discipline or in any other arena of society.

3. Be mainly comprised of Unit 3 faculty, who are subject to the rights and responsibilities of the CFA-CSU collective bargaining agreement, the CSUB University Handbook, and other relevant university policies.

III. Formation of New Schools, or Modifications to Existing Schools

- A. A new school may be formed as (1) an entirely new entity, (2) a result of dividing an existing school, (3) a result of combining two or more existing schools, or (4) a result of combining two or more departments from one college or from different colleges into a single school.
- B. Requests to change the structure of an already existing school should usually emerge from the concerns of the faculty, the school director and/or the dean directly involved. However, other individuals of the university may suggest that the faculty examine the effectiveness of the present school structure, especially as part of the Program Review process.
- C. If the change affects more than one college, then more than one dean will be involved, so any references to a dean in this policy statement implies more than one dean if the situation is so indicated.
- D. Collegiality is the fundamental principle upon which the governance of the university rests. At any point in this process, any of the parties involved may consult informally with anyone in the campus community whose contribution seems desirable.

IV. Procedures for Establishing a New School

- A. **Initiation of Proposal**
 - i. Faculty members, departments, schools, colleges or administrative officers of the university may initiate discussion and consultation processes to consider the establishment of a new academic school.
 - ii. When considering a change in school structure, the relevant faculty, the appropriate college dean, and the Provost and Vice President for Academic Affairs (P&VPAA) should engage in considerable informal discussion. These people should solicit advice from other potentially interested parties, possibly including faculty in other departments, schools, or colleges as well as the Academic Senate.
 - iii. When informal discussions appear to have elicited all relevant issues and concerns, the faculty who wish to form the new school should write a proposal that addresses all areas set forth below in New School Proposal: Contents.
 - iv. The initial request should be submitted in writing to the appropriate dean(s). Due to the potential impact on departments/schools/colleges/programs, faculty, staff, and students, the proposal must follow the guidelines and review process set forth below in New School Proposal: Procedure for Review.
- B. **New School Proposal: Contents**
 - i. **Background and Introduction**
 1. The exact name of the proposed school and name(s) of individual(s) preparing the proposal;
 2. Description of the consultation process and informal discussions that occurred prior to the submission of the proposal (Initiation of Proposal);
 3. Description of possible consequences for not forming the new school;
 4. Statement of how the proposed school may advance the campus' vision, mission, and goals;
 5. Statement of how the proposed school will better serve the needs of institution, students, faculty and staff; and contribute to the recruitment and retention of a high quality and diverse faculty;

6. Statement of how the proposed school will provide added value or benefits to CSUB, enhance the relationships of the college(s) where the school is housed, including its faculty, students, and the greater community;

- ii. Faculty Composition

Include the following information:

- a. Regardless of whether the proposed school has one or multiple departments, include the name of each department, the name of the department chair, number of faculty in each department including the ranks (lecturer, assistant professor, associate professor, or professor), and current college or school affiliation. In the case of school restructuring, also include whether the listed departments will be moved to the new school or jointly appointed between their prior academic units and the new school.
 - b. If the new school is breaking away or drawing members from existing schools/ colleges, list all foreseeable effects that this change would have on other department(s), school(s), or college(s) in terms of name change, number of faculty, support staff, curriculum, operating budget, or space, etc.
 - c. Results of a vote from each college directly affected, including written comments from affected academic program chair(s)/director(s) and faculty. Anonymity, if requested, should be accommodated and respected throughout the process.

- iii. In the case of impacts on schools, colleges or programs with external accreditation, provide the rationale and justification for creating the school that aligns with accreditation requirements.

- C. Budgetary, Financial, and other Resource Considerations

In general, creating the school should be completed in a budget-neutral manner. Release time for the director and staff time for the school office should be covered by reallocation from existing resources within the colleges, departments, and programs involved. The director should be a faculty member on course release, not an administrator.

- D. Planned Implementation and Timeline

- i. The proposed date of implementation and the appropriate timeline for the process of implementation.
 - ii. Include important milestones and dates for the development of the school.

V. New School Proposal: Procedure for Review

The proposal must pass through the following levels of review in the order indicated. The individual(s) at each level review the proposal, consult with others as appropriate, and then either forward it to the next level with a positive recommendation or provide a written explanation of the reasons for withholding approval. If the proposal fails to receive approval at any level, the proposal shall not proceed to the next level of review. The proposers may choose to revise and resubmit to that specific level of review. Any revisions of a proposal shall be communicated with previous levels of review. All levels of review must be documented clearly for subsequent review levels:

- i. The initial proposal must be submitted to the appropriate dean(s) for consultation

and signature(s). The dean(s) shall provide written comments/recommendations to the originator(s) of the proposal.

- ii. The proposal, including responses and revisions based on feedback from the dean(s), shall then be submitted to the P&VPAA, who shall consult with the Council of Deans and provide written comments/recommendations reflecting their own review and feedback from the council.
- iii. The revised proposal, including responses and revisions based on feedback from the dean(s), P&VPAA, and Dean's Council, shall then be submitted to the Academic Senate, through the Executive Committee. If all prior levels of review are deemed to have been satisfied, the proposal shall be forwarded to the Standing Committees for review. Each Standing Committee will review the proposal and provide their comments/recommendations.
- iv. If the revised proposal receives approvals from all prior levels of review, the proposal will then be sent to the full Academic Senate for review and final approval.
- v. The approved proposal shall then be forwarded to the President for their final decision regarding the proposal.

Hi Katie,

Let's call it "Policies on Approval of Course Coding Changes". This will cover other situations beyond changing the CS#, like changing the number of units in a class.

And I too had to Google to find the course classification number (CS#) guide, which looks identical to what I recall from Q2S:

https://www.csub.edu/academicprograms/_files/Course_Classification_Numbers.pdf

Once I knew the filename, I was able to find it on <https://www.csub.edu/academicprograms/new-catalogandcurriculum-process-8-12-25.shtml> but not on the older Academic Planning Manual page.

Hi Katie and Dani,

Since we don't have a policy on changing WTUs associated with a course, I told Elizabeth that we'll have to follow prior precedent, which is to have the NSME Curriculum Committee review and approve/deny the request.

We should add discussing if a policy needs to be developed for changing the WTUs associated with a course to the Senate EC agenda. That would be different than auditing/reviewing the current CS#s to see if they comply with CSU policy, as there could be other reasons to change CS#s beyond course caps.

Thanks,
Melissa

Hi,

The referral only had a link to the BOX folder in the attachments. I opened up the link and it is a pretty large list of documents which were all uploaded in October 2023. The document you shared is dated November 2023, so I don't think it would be in the BOX folder, but I did look and didn't find anything. Here is the link in case you wanted to look:

I found the "New Degree Program Proposal Form" (attached). I did see mention of a "Substantive Change Screening Form," but it looks like it was submitted in Summer 2023 (see page 71). I included some screenshots. It doesn't look like it is the same document, which was titled "WSCUC Substantive Change, November 2023." I know there was some back and forth between the subcommittees and the Nursing Department. Maybe it was sent over to AAC or BPC directly, and not uploaded to the folder? If it bypassed me, I would not have uploaded it to the referral folder. I am not sure.

Here are the screenshots from the *CSUB DNP Program Proposal with MOU* pdf:

WSCUC Substantive Change Program Screening Form

Directions: Institutions planning to implement new degree programs beginning on or after July 1, 2017 should submit this screening form to WSCUC to determine if a Substantive Change review and approval necessary prior to implementation. A determination on the necessity of review is made after submission of the form and any further information requested by WSCUC. The form should be submitted to John Hausaman (jhausaman@wscuc.org).

Institution: California State University, Bakersfield (CSUB)

ALO Name and contact information: Dr. Debra Jackson

Date: 7/10/2023

Proposed program name, modality, and CIP code:

Currently, the Department of Nursing (DON) at CSUB offers a Master of Science in Nursing, Family Nurse Practitioner (MSN/FNP) program, which is designed to prepare Family Nurse Practitioners for the region. However, the emerging national standards in Nurse Practitioner (NP) education require a Doctor of Nursing Practice (DNP) degree for all entry level NPs by 2025. Unless CSU Bakersfield transitions its NP program to a DNP degree, our MSN/NP graduates will not be qualified to take national certification examinations and may be unable to compete with other DNP prepared graduates in the professional job market. Elevating our existing MSN/FNP to a DNP program becomes a necessity. The DON is proposing two Doctor of Nursing Practice (DNP) degree programs:

- Post Baccalaureate Doctor of Nursing Practice Nurse Practitioner (DNP-NP) Program with Family Nurse Practitioner Concentration (DNP-NP).

The purpose of the DNP-NP program is to produce doctorally prepared nurse practitioners to address the critical shortage of primary care providers in the region and to meet the emerging educational and scholarly standards for Nurse Practitioners. This three-year, eight-semester program is designed for registered nurses (RNs) who have a Bachelor of Science (BS) or Master of Science (MS) in Nursing, and who aspire to become doctorally prepared Nurse Practitioners. Currently, our DNP-NP program only offers the Family Nurse Practitioner (FNP) concentration.

Hi all,

I had a chance to speak with Dr. He today and it's clear to me that the course forms for the Didactic courses for the DNP were submitted with the incorrect C/S number. If you look at the attached WSCUC substantive change document on p.23, you'll see that they clearly intended those courses to have a 1.5 K factor, which is only associated with C-15.

What I'd like to suggest that either AAC or Senate be briefed on this and asked to approve a correction to the C/S number for these courses so that the faculty teaching them can get the appropriate compensation this term (and to prevent the current APDB errors). If that won't work, I'm open to other idea about how to solve this issue.

Hi Mike,

We can put these concerns on the Senate Exec agenda. However, we only have two meetings left, and we'll lose some time from tomorrow's meeting if the president's open forum runs long. I don't see us getting to this item until Spring term given our current backlog of business.

Subject: Agenda Items - Considerations for AS&SS

Hi, Leslie and Dr. Danforth—

I hope you both had a wonderful holiday break.

At last Friday's ASI Board meeting, students recommended to the Provost that she ask the Deans on the following considerations:

- (1) Office Hours: Is there a way to make sure that faculty are hosting office hours. It is stated in the Academic Handbook that faculty are required to do so, but students have reported that some faculty are not available during their posted office hours. Does each department track when faculty are doing office hours or is it based on a trust system?
- (2) Reporting Grades: Students are concerned that their grades are not being reported in a timely manner during the semester. Students would like to see how they are doing in the class but some faculty are not inputting grades until the very end. Is there information or a requirement on this?

Thank you so much,

Dear Chair Danforth,

I am forwarding the attached draft resolution on the behalf of the Distributed Learning Community (DLC) which updates the membership and the description of the DLC in the handbook.

The DLC has also discussed developing recommendations for classroom observations of online courses to ensure the quality of online teaching, but decided that this will be a separate resolution (that we intend to hopefully send along with an updated distributed learning policy).

Thank you,

Updates to the Distributed Learning Community (DLC) Membership & Description

RES 2526XX

AAC, AS&SS, and/or FAC

RESOLVED: That the Handbook section in this resolution replace section 203.11.

RESOLVED: That the following changes be made to the University Handbook (additions in **bold** **underline**, deletions in **strikethrough**).

203.11 Distributed Learning Committee

University faculty have adopted a distributed learning policy for online and **flex****hybrid** instruction (Academic Senate Resolution 1213028). The Distributed Learning Committee (DLC) is responsible to monitor for issues that arise with regards to the distributed learning policy and to **improve** ensure the quality of online and **flex****hybrid** instruction, including **development of guidance for** the certification of faculty wishing to teach online and/or **flex****hybrid** courses.

The DLC consists of (1) one faculty member from each of the academic **colleges** **schools**; (2) **one faculty member at-large** the Faculty Coordinator of Online Instruction from the Faculty Teaching and Learning Center (FTLC); (3) the Faculty Director of the FTLC; (4) a student representative from ASI; and (5) one staff member with direct responsibilities related to CSUB's learning management system (ex-officio). Additional members may be appointed as ex-officio members by the Provost and Vice President of Academic Affairs, at the recommendation of the current DLC members. **The Faculty Director of the FTLC convenes the first meeting of the year, during which the committee elects a chair.** Faculty members on the committee are expected to have experience with the designing and teaching of online/**flex****hybrid** courses and **should have received training in** be certified by CSUB for online/**flex****hybrid** instruction. Faculty members are elected in accordance with the election procedures in Sections 202.6 and 202.7 and serve on staggered two-year terms. The student representative will be selected by ASI on an annual

basis. The staff member will be appointed by the Provost and Vice President of Academic Affairs on an annual basis.

As issues with the distributed learning policy arise, the DLC shall either (1) refer the issue to the Academic Senate for development of policy, or (2) develop a policy on a particular issue itself and then refer the proposed policy to the Academic Senate for consideration. The DLC shall report annually to the Academic Senate on online and hybrid instruction trends and issues.

RATIONALE: The Distributed Learning Committee (DLC) policy has not been updated in more than a decade, and the Faculty Coordinator of Online Instruction position has been discontinued. During this period, instructional modalities have evolved substantially. Online and flex teaching are now integral components of many faculty members' regular teaching assignments, and CSUB no longer requires certification for online instruction. These handbook revisions redefine the role and scope of the DLC to reflect current institutional practices.

Approved by the Academic Senate May 29, 2008

Amendments Voted on and Passed by General Faculty October 30, 2008

Rationale:

These procedures are intended to clarify and formalize how Statements of the Senate and Votes of No Confidence may be brought forward and considered by the Academic Senate, consistent with principles of shared governance, transparency, and faculty voice. In the absence of explicit procedures, practices for no confidence actions have varied widely across CSU sister campuses and across higher education more broadly. Some campuses rely on ad hoc resolutions, others on general faculty meetings, and others on union-led processes, sometimes with or without clear thresholds, notice requirements, or protections for faculty participation. This lack of standardization can lead to uncertainty, inconsistency, and perceptions of procedural unfairness, particularly when matters of significant institutional consequence are under consideration.

Votes of No Confidence represent an extraordinary expression of faculty concern and, as such, warrant a more rigorous and clearly defined process than routine Senate actions or Statements of the Senate. Requiring initiation by either the Executive Committee or a petition signed by at least fifteen percent (15%) of the General Faculty ensures that such votes reflect a meaningful level of collective concern rather than the actions of a small number of individuals. This threshold mirrors existing language in the Handbook governing faculty-initiated actions, including petitions for review of Senate actions and proposals for constitutional amendments, thereby reinforcing internal consistency. Together with heightened voting thresholds, advance notice, and secret balloting, these procedures balance accessibility with seriousness, protect the integrity of the process, and provide the Academic Senate with a strong, fair, and defensible framework for addressing matters of profound institutional importance.

Subject: Potential Resolution on Inclusion of Emeriti Individuals in Social Events

I was wondering if a resolution based on the below and attached could be considered by the Senate. I would be more than happy to bring it from the floor if that would be more appropriate.

In the meantime, perhaps the Provost could consider encouraging the academic deans to make this a practice. Thanks. JT

308.2.4 Emeriti Privileges and Public Announcement

Public announcement of any Emeriti awards shall take place during an event suitable to the announcement. The award of Emeriti status shall entitle recipients to the following:

f1. Invitation to social events to which other members of the unit from which they retired are invited.

The award of Emeriti status may also entitle recipients to the following institutional courtesies or benefits when they are appropriate and available:

- g. Timely notice of all General Faculty meetings and events of the University and such other notices as desired;
- h. Mail services, including the mailing of appropriate faculty notices;
- i. Space for scholarly or other professional pursuits, as available;

Subject: FW: Dean's List

Hi Melissa,

We discovered that there's some ambiguity in the way the Dean's List Policy is written (and is being applied). Could EC consider a reference to AAC on this?

The policy in the current catalog reads:

"A full-time, undergraduate student, carrying at least six (6) units of letter-graded work during the semester, who earns a GPA of 3.25 or above in that semester will be placed on the Dean's List."

For a number of years, Dean's list has been awarded to any student with 6 units at 3.25 or above, even if they're not full-time. At minimum, I think the policy needs to be revised to indicate that full-time is 12 units, but I wonder if the 6 units of letter-graded work might be revisited. In addition, most campuses require a 3.5 for Dean's List. Don't know if there's any appetite to change that either.

The endless policy revision must continue (or not).

Hi Karlo,

In review of previous semesters, at end of term processing, the system is looking for 6 units of letter graded coursework.

I have Dr. Adams in my office – as we reviewed the catalog language, we believe that there needs to be a review of this policy so that the language can be written more clearly. Dr. Adams will send it to Academic Senate for review. In a quick review of other CSU's, it appears they list their requirement as 12 units of graded classes, and many require a higher threshold of 3.5.

Good catch.

Hi Sonya,

The Registrar's Office page on the catalog states the following:

Dean's List

A full-time, undergraduate student, carrying at least six (6) units of letter-graded work during the semester, who earns a GPA of 3.25 or above in that semester will be placed on the Dean's List.

Can you please clarify which students qualify for the dean's list; a full-time student (12+ units) or a part time student (6 units)?

Report from the Faculty Affairs Committee of the Academic Senate

January 22nd, 2026

The FAC continues to devote substantial time and careful attention to clarifying the Unit RTP and PTR committee composition and election processes. Based on extensive feedback received from faculty across campus, including perspectives from both small units with limited eligible reviewers and larger units with many faculty and high review volume, the committee is working to develop language that is both contractually aligned and practically workable. Our deliberations are focused on balancing transparency, meaningful faculty participation, independence of review, and workload equity, while also minimizing unnecessary administrative burden where feasible.

At this time, the FAC is not yet ready to advance the Unit RTP/PTR composition proposal to Academic Senate. We are intentionally allowing additional time for the committee to digest the feedback, explore reasonable options, and improve the proposed policies.

The FAC is deeply appreciative of the constructive input and contributions provided to date, which have strengthened the quality of our discussions and draft language. We anticipate bringing forward a completed resolution in the future.

In addition to its ongoing work on Unit RTP and PTR committee composition, the Faculty Affairs Committee approved and advanced several other items:

- The FAC voted to forward resolutions on SOCI Modality and Department Chair/Program Director Term Limits to Academic Senate for First Reading. These resolutions are in response to referrals 2025-2026 36 and 2025-2026 28, respectively.
- The committee also reviewed proposed language addressing Teaching Modality and the role of the Distributed Learning Committee and voted to send this item to the Academic Affairs Committee (AAC) for joint consideration, recognizing the shared committee responsibilities in response to referral 2025-2026 19.

Transitioning to Online SOCIs – Handbook Change

RES 252620

FAC

RESOLVED: The Academic Senate approves revisions to the University Handbook regarding the administration of student opinions of curriculum and instruction (SOCIs). Deletions are in ~~strikethrough~~, and additions are in **bold and underlined**.

RESOLVED: The Academic Senate shall review the effectiveness of this transition after a period of five years, including analysis of response rates, student feedback, and faculty feedback.

305.4.4 Student Role in the Performance Review Process for Instructional Faculty

Student opinion of teaching by faculty is a required component of the performance review process. The Student Opinion on Curriculum and Instruction (SOCI) shall be the primary instrument used to collect student opinions of teaching.

Although this handbook currently identifies the Student Opinion on Curriculum and Instruction (SOCI) as the primary instrument used to collect student opinions of teaching, this tool is to be considered as only one of many measures used to evaluate teaching; SOCIs should not be given more consideration than the other measures of teaching performance outlined in section 305.4.2.6 (Evaluation of Teaching Performance). Further, the trends in student responses should be the focus of the evaluation of SOCIs as a measure of teaching performance.

The quantitative and qualitative (i.e., open-ended) items included on the instruments to gather student opinions shall be reviewed and open for potential revision every 10 years, or more frequently. More frequent reviews and revisions are at the discretion of the Executive Committee of the Academic Senate. Any revision process shall include broad consultation from faculty.

Except as limited below, faculty members will administer SOCIs in all sections and place the results of all SOCIs in the RTP (WPAF) File for use by all levels of review.

Academic Senate

California State University, Bakersfield
9001 Stockdale Hwy. • 22 EDUC • Bakersfield, CA 93311

The requirement for collection of SOCIs may be waived in the following cases.

- A. The requirement for collection of SOCIs may be waived for sections with enrollments of fewer than 6 students or similar situations in which the anonymity of respondents would be compromised and sections in which the primary mode of instruction or the SOCI would not reasonably correlate with instructional methods.
- B. The requirement for collection of SOCIs may be waived for sections in which a faculty member went on leave and was replaced by another faculty member.
 - a. This request shall be honored at the discretion of the replacement faculty member.
 - b. The faculty member on leave shall not be subject to student opinions.

Within these guidelines, department chairs in consultation with their department shall determine which sections are eligible for waiver. Documentation of the department decision to grant a waiver shall be included in each section of the file for which SOCIs are waived.

The SOCI shall be anonymous and identified only by course and/or section. The format of the SOCI provides both quantitative information (ratings of course and instructor attributes) and qualitative information (comments about the course and instructor).

Faculty shall be provided course and/or section summaries of quantitative data. Means and standard deviations shall be provided for individual questions ~~as well as the overall SOCI~~. Quantitative and qualitative data shall be linked in both online and physical SOCIs. SOCI reports shall be clear such that faculty can associate individual-student comments with individual-student quantitative responses. **Faculty shall also receive a SOCI report even when there are no completed student responses. SOCI reports shall be available to faculty teaching in all terms (Fall, Winter, Spring, Summer). SOCI reports shall be provided to the individual faculty instructors, department chairs, and college deans.**

Some bias in student opinions may be present. Since SOCIs are used in conjunction with other measures to evaluate teaching, the College Dean (or designee) should arrange for training for Unit RTP Committee members to be undertaken before the start of a faculty review. The training should include the following: (1) the purpose of the RTP review process and the responsibilities of Unit Committee members, (2) the identification of possible biases in student responses, and (3) the process to remove biased SOCIs from an evaluation of teaching.

Faculty under review may request that the AVP for Faculty Affairs (or their designee) reviews and removes the SOCI(s) with discriminatory comments and quantitative responses. SOCI(s)

that are received within the prior academic calendar year are eligible for consideration for removal. Requests to remove SOCI(s) must be made 21 days prior to the deadline to submit the Working Personnel Action File (WPAF, commonly called the RTP File) for the next review cycle.

The AVP for Faculty Affairs (or their designee) shall consider the merit of such requests based on many factors, including (but not limited to) the human dignity of the faculty member, the student's role in the performance review process, and the added pedagogical value and relevance of the comments. Regardless of the decision of the AVP for Faculty Affairs (or their designee), the faculty member is encouraged to reflect upon feedback and may submit rebuttals to SOCI comments as part of the performance review process. In all cases, the Unit Review Committee, Department Chair (if applicable), College Dean, University Review Committee, Provost and Vice President for Academic Affairs, and President (or their designee) are expected to approach the evaluation of faculty and interpretation of SOCIs with care and professionalism. Ultimately, SOCIs are one component of a broad assessment of teaching performance.

305.4.5

SOCI Distribution Completion Period

The SOCI ~~Distribution Completion~~ Period shall be designated on the Academic Calendar, not to include the examination period. The timeframe for SOCI ~~distribution Completion~~ shall be the same regardless of course modality (e.g., face-to-face, hybrid, online).

In the Fall and Spring semesters, SOCIs ~~distributed completed~~ online shall be available for 10 weekdays. ~~SOCIs distributed in person shall be distributed during one class meeting in the two-week SOCI Distribution Period; SOCIs shall be distributed completed~~ between 14 and 21 days prior to the Last Day of Classes.

In the Summer and Winter sessions, SOCIs ~~distributed completed~~ online shall be available for 5 weekdays. ~~SOCIs distributed in person shall be distributed during one class meeting in the penultimate week of classes. SOCIs distributed completed online shall be distributed completed~~ during the penultimate week of classes.

For face-to-face courses, instructors shall provide a minimum of 30 minutes of scheduled class time for SOCI completion during the designated SOCI completed period. Instructors of face-to-face courses shall leave the classroom during this time in order to promote student privacy and reduce perceived pressure or response bias.

The University shall provide clear guidance and technical support to faculty and students to ensure consistent implementation and accessibility of online SOCIs. The

AVP for Faculty Affairs shall ensure that faculty receive directions on how to access online SOCIs via the Learning Management System so that faculty can encourage student participation. Faculty may encourage their students to complete SOCIs. Faculty members shall administer SOCIs in Accordance with the Collective Bargaining Agreement.

RATIONALE: Referral 2025-2026 35 highlights the increasing and unsustainable cost associated with the continued use of paper-based Student Opinions of Curriculum and Instruction (SOCIs). Transitioning to an exclusively online SOCI system represents a fiscally responsible and environmentally sustainable alternative. Online SOCIs are currently available as an option for face-to-face classes, or requirement for online classes, and so online SOCIs are already part of currently accepted practices.

This resolution further seeks to preserve the integrity and effectiveness of SOCI data during the transition to an online modality. A primary concern associated with online SOCIs is reduced student participation when surveys are completed outside of class. By requiring instructors of face-to-face courses to provide structured in-class time and leave the classroom during SOCI administration for at least 30 minutes, this resolution maintains continuity with current paper-based procedures and reinforces established norms that protect student anonymity, minimize perceived pressure, and promote higher response rates.

Additionally, this resolution formalizes the expectation that SOCI reports will be generated and distributed for all instructional terms, including cases in which no student responses are submitted. Providing reports in all circumstances ensures consistent documentation for faculty and prevents gaps in official records. The distribution of SOCI reports to individual faculty, department chairs, and college deans supports transparent and efficient faculty evaluation processes, facilitates completion of Working Personnel Action Files (WPAFs) and periodic evaluations, and ensures that backup records are available when needed.

Collectively, these changes advance institutional efficiency, protect the validity of student feedback, and strengthen the reliability and accessibility of SOCI data for personnel review and continuous improvement.

Department Chair Terms – Handbook Change

RES 252621

FAC

RESOLVED: The Academic Senate approves revisions to the University Handbook regarding the selection and appointment of Department Chairs and Program Directors. Deletions are in ~~strikethrough~~, and additions are in **bold and underlined**.

312.3 Selection and Appointment Procedures

The appropriate dean shall request that the department or program faculty vote to recommend one or more persons for the position of chair or director. In addition, the dean shall offer the opportunity for the faculty to convey individual, confidential advice, orally or in writing. The recommendations of the faculty and the dean shall be forwarded by the dean to the P&VPAA by April 1st. The offer of appointment shall specify the criteria, including but not limited to those outlined in section 312.2 above, by which the administration will evaluate the performance of the chair or director. ~~Chairs or directors are expected to serve no more than two (2) consecutive three-year terms.~~

Chairs or directors are expected to serve no more than two (2) consecutive three-year terms in the same role. To promote shared governance, leadership development, and equitable distribution of service, departments and programs shall ordinarily limit service to these two consecutive terms, after which a break in service is expected before an individual may be considered again for the same position. This expectation does not impose a lifetime limit on service; individuals may become eligible to serve again following a break.

However, in cases where no other qualified and willing candidates are available, departments may recommend an exception to the expected term limit. Such recommendations must document (a) the efforts made to identify other qualified and willing candidates, and (b) the unit's rationale for extending the term limit. Any exception requires the approval of both the dean and the P&VPAA.

RATIONALE: This resolution responds to Academic Senate Referral 2025–2026–28, which requested that the Faculty Affairs Committee review existing handbook language governing Department Chair and Program Director appointments and consider whether updates are warranted to ensure greater consistency across Colleges.

The proposed language establishes a clear normative expectation of no more than two consecutive terms, while preserving necessary flexibility through a documented exception process when no other qualified or willing candidates are available. Importantly, the policy does not impose a lifetime limit on service, allowing experienced faculty to return to leadership roles following a break in service. This approach balances institutional consistency with departmental autonomy, supports sustainable faculty leadership structures, and aligns local practices with widely accepted norms in shared governance across higher education.

Academic Advising Structure Is an Academic Endeavor

RES 2526XX

AS&SS, AAC

RESOLVED: That the Academic Senate affirms academic advising as an academic endeavor and asserts its role in the shared governance of advising policies and practices. Shared governance of academic advising should be carried out through a student-focused collaborative process with Academic Affairs, faculty, students, administrative bodies, and the Division of Student Affairs and Strategic Enrollment Management, in alignment with accreditor expectations where applicable.

RESOLVED: That the Director of Academic Advising should provide annual reports to the Academic Senate and keep the Senate up to date on the state of academic advising.

RATIONALE: With the reorganization of academic advising under the Division of Strategic Enrollment Management and Student Support, there is a need to reaffirm the vital connection between advising and the Academic Senate. As University Handbook sect.103.2.2 states, "CSUB's Academic Senate is a body through which the faculty exercises its members' collective knowledge, experience, and judgement to develop and recommend to the President policies and procedures that ensure the realization of the University's mission." Academic advising of students is fundamental to this mission. Thus, the Academic Senate must continue its practice of developing and recommending policies and procedures pertaining to academic advising, including its structure and supports.
