

CSU Learn Migration

Frequently Asked Questions

What is changing?

The CSU is currently using SkillPort for employee compliance training and professional development. The CSU is replacing SkillPort with CSU Learn, a streamlined portal.

When are we upgrading the portal?

Beginning January 29, 2019, all Faculty, Staff, and Student Workers will use CSU Learn for required compliance training* instead of Skillport.

Is there anything I need to do?

Please complete any outstanding course assignments in [SkillPort](#) by December 31, 2018.

All compliance and non-compliance training courses completed before December 31, 2018 will move to CSU Learn.

Whom can I contact with questions?

If you have any questions, you may contact csulearn@csub.edu.

Why are we upgrading the site?

The new portal will meet the CSU's growing need to provide flexible solutions for professional development resources, complex assignments, extensive reporting and analytics, and a more dynamic learner experience.

How will I access the new portal?

On January 29, you will receive an email containing the link to CSU Learn. Additional information regarding this transition will be sent as we get closer to the date.

How do I get more information?

Please visit the [CSU Learn](#) web page to learn more about this transition and the new portal.
